

Global Multiversity Summit 2025

“Shaping the Future of Higher Education & Scientific Innovation”

Date: Thursday, November 27, 2025 (Thanksgiving Day)

Venue: Florida, USA (Hybrid Event: In-Person & Virtual Access)

The Global Multiversity Summit 2025 marks a historic event, bringing together academics, researchers, policymakers, and industry leaders for the official launch of the University of California Johanna Keirns (UCJK) and the ASDM HUB Project Management Platform. The summit will also provide an exclusive space for international partnerships, agreements, and research consortia formation to drive global collaboration in science, education, and sustainable development.

Official Summit Program
